## INDULGE YOURSELF – EXPERIENCE SHOWERING & BATHING PERFECTION

Our Shower Solutions have been specifically designed to ensure you have the most ideal combinations and choices available. We have taken all the hard work away. All you have to do is pick which is right for your personal showering, installation and interior style requirements. From shower to bath, functionality to luxury, you'll find a complete showering solution to suit your needs.

Our wide range of thermostatic Shower Solutions feature unique GROHE CoolTouch® and GROHE TurboStat® technology for unrivalled safety and comfort while our award winning digital showering solutions deliver simple, intuitive and personal showering all at the touch of a button.

Head and hand showers come in a choice of sizes and a variety of designs to suit individual requirements, from one, up to seven flow patterns, the choice is endless. Whilst our integrated EcoJoy™ water saving technology enables you to reduce your water consumption by up to 50%.

## GROHE TECHNOLOGY GERMAN ENGINEERING

For many consumers, Made in Germany is the only label they need. They know it stands for precision, attention to detail and quality. All of our research & development and design facilities are located in Germany, where we conduct comprehensive product testing before launch and during production. Below are some of our unique technologies that will allow you to enjoy water.

### GROHE COOLTOUCH®

No risk of scalding yourself on a hot surface.

### GROHE TURBOSTAT®

Always the right temperature. Reacts instantly to changes in water pressure.

### GROHE DIGITAL®

Digital technology for effortless control and outstanding comfort.

### GROHE STARLIGHT®

A radiant chrome finish that resists soiling and tarnishing for enduring pristine looks.

### GROHE DREAMSPRAY®

Perfectly matched nozzles for a perfect spray pattern.

### GROHE ECOJOY™

Integrated water-saving technology reduces water and energy consumption without compromising on design, performance and product enjoyment.

### GROHE WHISPER®

Advanced engineering removes noise transfer to the structure of the building for quieter customer operation.

### GROHE SILKMOVE®

Precise and effortless water control for a lifetime of smooth and comfortable faucet handling.

## RAPIDO – THE INNOVATIVE CONCEALED SOLUTION FROM GROHE

Concealed bath and shower mixers lend a clean, modern look to any bathroom – where only the essential elements are on show. With its shallow installation depth and choice of single lever or thermostatic operation, Rapido is a universal solution that enables you to create your perfect shower. Once installed, the concealed body is completed with a mixer trim set.

# GROHE F-DIGITAL SHOWER SOLUTIONS

The award winning design of GROHE F-Digital unites simple operation and freedom of choice with German engineering and design. Luxurious personalised experiences, thermostatic showers and intuitive digital controls, which can be placed wherever you choose, combine to create an indulgent bathroom experience.

Based on a series of concentric rings, the design guides you to the point of interaction. And with just three buttons and a dial, using the controller is both intuitive and simple. The outer ring features textured detailing, ensuring maximum comfort and control of the water flow, even with wet or soapy hands.

The modular design, intuitive user interface and increased planning flexibility are just a few of the features which have led GROHE F-digital to winning several design prizes, including a Red Dot 'Best of the Best' 2011 award.

Automatic bath filling – a true GROHE SPA® detail; the automatic bath filling feature will fill the bath for you to your pre-set temperature and water level.

Fill the bath twice as fast – for large baths, combine a bath spout with a bath filler. The Digital Diverter allows you to open both outlets at the same time, so the bath can be filled faster or allowing the use of two shower heads simultaneously.

Save your preferred setting – experience comfort like never before. Use the memory function to save your individual combination of water temperature and flow.

# GROHE BATH/SHOWER SHOWER SOLUTIONS

For an indulgent bath and shower experience choose one of our Grohtherm 2000 NEW Shower Solutions featuring Power&Soul® head and hand showers. A choice of up to four truly innovative spray patterns: GROHE Rain O², Rain, GROHE Bokoma Spray™ and Jet ensure a perfect match for every consumer need.

Grohtherm 3000 Cosmopolitan Shower Solutions combine modern, minimalistic design with award winning thermostat technology for a relaxing shower or bath experience. Rainshower® head showers feature GROHE DreamSpray® technology for a luxurious full spray and unbeatable showering enjoyment.

The New Grohtherm Cube combines performance with a square, minimalist aesthetic. A new addition to complement our existing square and cosmopolitan designs, Grohtherm Cube is the perfect product for modern interior spaces.

From above, the human body is not round. The Veris Shower Solution features a lozenge shaped head shower, to mirror the silhouette of the human form, so not a drop of water is wasted. Efficient design at its best.

All GROHE thermostatic mixers feature the GROHE TurboStat® technology that ensures the temperature you select remains constant for the duration of your shower. No shocks, no surprises, just a constant stream of perfectly mixed water at the temperature of your choosing.
