Design Series

Lecico
bathrooms

We have a term that we often refer to internally to test our resolve to provide the best possible customer service levels;

we can
AND WE WILL.

ANTONY THOMPSON
Lecico Managing Director

To our *Lecico family,*

We dedicate Design Series to you. May it stand as a tribute to your contributions and a testament to your enduring strength as a team and as a family.

You are the driving force behind our success. Your hard work, dedication, and unwavering commitment to excellence are the pillars upon which our legacy is built.

As we reflect on our journey, we see our people; we see moments captured that echo the spirit of unity, dedication, resilience, and a shared purpose that defines us.

In every frame, you'll find faces beaming with pride, not just for our achievements, but for the relationships we've cultivated along the way. You'll see a legacy that shapes us: the rich tapestry of our history intertwined with our traditions. It's a legacy that inspires us, guiding every decision, from the meticulous design of our products to the unparalleled service and partnership we offer to our customers.

Our commitment to excellence knows no borders, reaching over 50 countries worldwide. From the heart of our operations to the farthest corners of the globe, our presence resonates, a testament to our unwavering dedication to serving our diverse clientele with tailored solutions and unparalleled flexibility.

Our footprint is second only to our ambition. Lecico is home to over 6,000 staff members who fuel our capacity to produce 6.2 million hand-finished pieces annually. This is evidence not just of our scale, but of the handcrafted care that goes into every single piece.

We are bound by values, driven by purpose, and united in our commitment to excellence. Together, we are not just Lecico; we are a family, a family that thrives on shared values, embraces diversity, and charts a course toward the next generation of Lecico.

**To our staff, past and present;
thank you.
You are the heartbeat of Lecico.**

How a bathroom *lives within you...*

Have you ever stopped to consider how a bathroom lives within you?

We believe a well designed bathroom is not just a physical space, but a sanctuary where you start and end your day, each detail a reflection of what personifies you.

Whether you choose to create a luxurious haven or a minimalistic escape, every aspect should contribute to creating a space that's truly embodies and reflects your tastes and personality.

It All Started With Oranges

The first Mercedes shipped to the east was traded by TGF, 5000 cases of them were exchanged for a Mercedes.

In 1928, the Gargour family founded T. Gargour & Fils (TGF) in the heart of Jaffa. By 1959, a new chapter in the Gargour family's journey had begun; the start of Lecico, a budding tile-making firm.

In 1967, Lecico made a bold move, diversifying into the production of sanitary products. This would not have been possible without their close friend Joseph Gorra, who urged them to invest in the business after their move to Lebanon.

By 1977, Lecico had grown exponentially, but the Gargour family were far from done and set their sights on a new market - Egypt. The company flourished in Egypt and soon started reaching new heights of success.

TGF is still run today by the Gargour family alongside Lecico and remains the sole distributor of the iconic Mercedes Benz in Lebanon and Jordan. Over the years, TGF and Lecico have evolved into renowned global trading companies, leaving an indelible mark within the industries they operate.

Our Commitment To Carbon Balanced Print

At Lecico Bathrooms we are committed to sustainable sourcing and production, this includes minimising the carbon impact of our brochure production.

Our partnership with Deltor benefits from their ISO14001 certified printing plant where more than 480 solar panels are utilised for power generation, our brochures are produced from sustainably sourced energy. In addition, any remaining emissions from the production process are calculated and then offset with World Land Trust (WLT).

The printing plant has balanced the equivalent of 140 tonnes of CO₂ - This directly helps WLT protect over 24 acres of threatened forest and habitat.

World Land Trust is an international conservation charity that protects the world's most biologically significant and threatened habitats, acre by acre.

Since its foundation in 1989, World Land Trust has funded partner organisations around the world to create reserves and give permanent protection to habitats and wildlife.

To date, World Land Trust has helped secure more than 881,000 acres of threatened habitat across 20 countries. The work of World Land Trust is actively supported by their passionate and dedicated patrons.

*"The money given to World Land Trust
in my estimation, has more effect on the wild world
than almost anything I can think of"*

Sir David Attenborough
World Land Trust Patron

A Feminine Origin Of Suites

"We believe in the importance of creating safe spaces that are

welcoming & reflective

of Lecico's growing global community"

The Design Series collection of suites are thoughtfully named and derived from feminine Arabic names. This deliberate choice pays homage to the rich cultural heritage and celebration of the timeless elegance of Arabic tradition.

By naming our suites after Arabic feminine names, we aim to honour both our roots and the strength, grace, and beauty that these names represent. Each name carries its own unique story and symbolism, reflecting the diverse and inspiring qualities of those who they were named after.

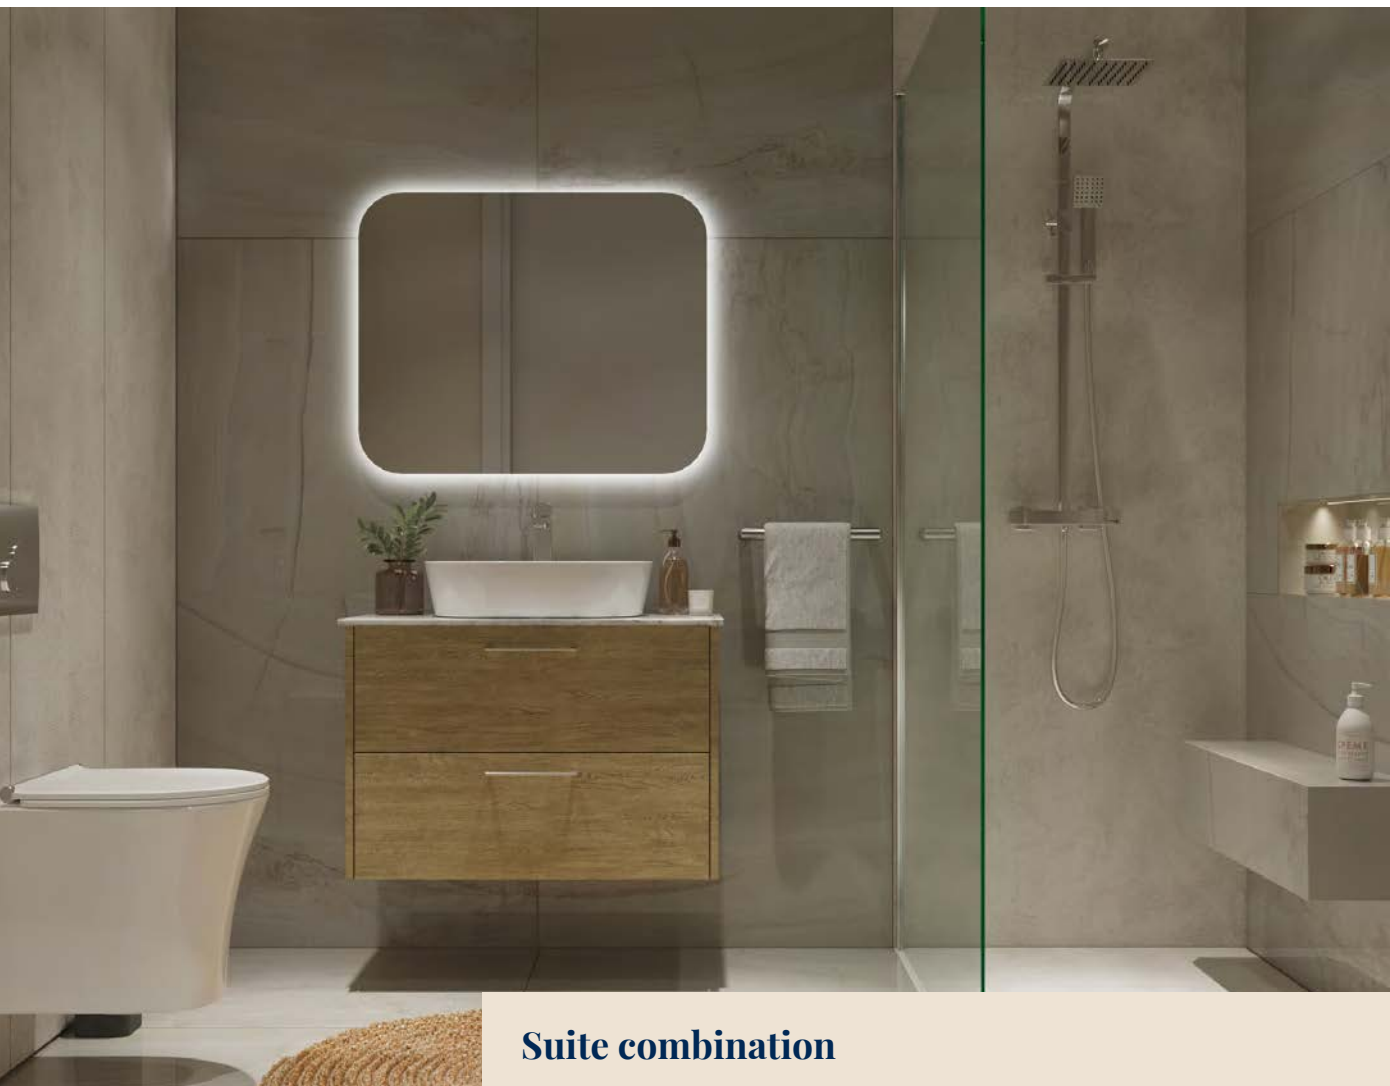

The selection of names is also an invitation to embrace the beauty of diversity and inclusivity. We believe in the importance of creating spaces that are welcoming and reflective of Lecico's growing global community, where individuals from any and all backgrounds can find representation and a sense of connection.

Furthermore, by naming our suites after Arabic female names, we hope to inspire a sense of empowerment and recognition. We invite you to explore the depth and beauty of Arabic culture with us.

Unleash Your Style

Mix, match & Make a statement.

Discover the endless possibilities of style fusion with our guide to mixing and matching. Unleash your creativity and elevate your space by seamlessly blending different design styles. Whether it's the juxtaposition of modern and traditional elements or the harmonious combination of minimalism and maximalism, our expert tips and inspiration will help you achieve a unique and personalised look. Embrace the art of style fusion and create a space that reflects your individuality.

Furniture

Zara furniture

Layla furniture

Layla short projection furniture

Suite combination

Two Zara 80cm oak two drawer units (ZAWH80SDGW)
Zara 160cm compact Italian marble worktop (ZAWK160CLIM)
Two Layla 56cm square freestanding tapdeck basins (LAYFSB560PSQ)

Crafted from responsibly sourced materials, our FSC-certified furniture supports sustainable forestry management.

Layla's curved style can add a touch of elegance, while Zara's straight edge design offer a more contemporary design. Our furniture ranges offer 50cm, 60cm, and 80cm width wall hung furniture units and floor standing units.

For enhanced storage, consider combining two Zara units together with a longer worktop. In the Layla range, a tall unit can also be used for additional cupboard storage.

Designing *your perfect furniture*

Follow this guide to help you use our brochure to create your perfect bathroom

Step 1: Style – Furniture

Decide on the style of the furniture you prefer, whether you prefer a curved or straight design.

Zara's straight edge design offers a more contemporary design, while Layla's curved style can add a touch of elegance. Identify the appropriate size for your furniture, consider the available floor area, and ensure the furniture fits without overwhelming the space. Our furniture ranges offer 50cm, 60cm, and 80cm width wall hung furniture units and floor standing and cloakroom units. Zara, Layla short projection and Layla ranges offer a variety of colours to match your chosen style.

Furniture

Choose from Zara, Layla short projection or Layla furniture

Step 3: Basins & Worktops

Choose a basin style for your furniture using either inset vanity basins or freestanding basins.

All furniture comes with compatible inset vanity basins, providing a seamless combination. An alternative choice for Zara and Layla, is to incorporate a worktop with freestanding basin(s). Additionally, our assortment includes a variety of worktop colours and finishes. If you decide on a worktop style, select a freestanding basin that complements both the furniture and the overall design.

Freestanding basins

Choose from our range of freestanding basins

Step 2: Storage – Furniture

How much storage space do you need?

Evaluate your storage needs and select a furniture unit with the desired number of drawers, including the option for dual basins. Choose between a one drawer or two drawer unit based on your requirements. One drawer units are ideal for smaller spaces or when minimal storage is required, while two drawer units offer greater storage capacity. For enhanced storage, consider combining two Zara units together with a worktop. In the Layla range, a tall unit can also be used for additional cupboard storage.

Furniture

Choose from Zara, Layla short projection or Layla furniture

Step 4: Furniture handles

Consider what handle style, size, and finish best complements the bathroom furniture.

Take into consideration the style and size of your handles, which serve as the perfect finishing detail to complement your bathroom furniture. Our extensive range of handle designs, available in a variety of colours and finishes, enables a customisable bathroom design. Choose from a diverse array of options that harmonise with your chosen unit combination.

Handles

Choose from our range of handles

Step 1:

Decide on the style of the furniture you prefer, whether Zara, Layla or Layla short projection. Zara can be set up as dual units.

Step 2:

Choose a basin style for your furniture using either inset vanity basins or freestanding basins.

Step 3:

Consider what handle and tap style, size, and finish best complements the bathroom furniture.

Things to consider

Washbasin choice

When choosing your washbasin, you have the option of an inset vanity basin or a freestanding basin to be used with a worktop.

Furniture unit choice

Bathroom furniture units are available in three design styles, Zara which is a squared finish, Layla which offers rounded corners and Layla short projection, which has a reduced depth for small bathroom spaces.

Zara can be configured as dual units, where a long worktop can be placed across the two units, with two freestanding basins, note that this cannot be achieved with two inset vanity basins and Layla short projection cannot be paired with a worktop.

Layla 47.5cm round freestanding vessel basin (LAYFSB475R)

Layla round back to wall suite (LAYSMRLWHRDPA)

Suite Origins

The name Layla means "night" in Arabic, a fitting name for a suite that evokes the same magic and mystery often seen in nocturnal hours.

Named after the iconic 7th century love story of Qays and Layla, this suite captures the essence of timeless passion and elegance known throughout medieval Arabia and Persia.

From sleek lines to the exquisite finishes and elegant design, every element of this suite exudes a sense of refined elegance and beauty.

Immerse yourself in the magic of Layla and embrace the romance and passion that it embodies. Let the allure of the night guide you on a journey of luxury and refinement.

Suite combination

Layla short projection matt light green 70cm one drawer unit and inset vanity basin (LASP70WH1DRLG & LASP70BA1)

Shani square close coupled open back suite (SHS2SHCCOBPA & SHS2PCI)

Suite Origins

Introducing the new Shani suite, a tribute to the intertwined histories of Egypt and Hebrew civilisations.

Rooted in Hebrew tradition, the name Shani signifies wonder and splendour. The cultural exchange between Egypt and Hebrew civilisations has shaped the course of history, leaving an enduring legacy of shared heritage and mutual influence. From the ancient wonders of Egypt to the rich cultural heritage of Hebrew civilisation, Shani embodies the enduring legacy of two great cultures.

Its clean lines and pure design pay homage to the architectural marvels of antiquity, while its modern sensibility ensures it remains a contemporary classic.

Suite Origins

Introducing the newly updated Zara collection, a stunning suite of bathroom fixtures and accessories that embodies the essence of the art deco era through its distinctive stepped design.

In Arabic, the names Zahra, Zahara and Zaahir are associated with the meanings of "flower," "blossom," "brilliance" or "light," evoking the image of a radiant bloom or a shining star.

The name Zara embodies the notion of shining and flourishing, representing a spirit of elegance and grace that is both timeless and inspiring. With its exquisite finishes, sleek lines and unique design, the Zara collection is a true testament to the flourishing design at Lecico.

Soft close wrap seat	STWHZARDSCWR	£90
Suite combination		£397

Zara Comfort Close Coupled Open Back Suite

One of the key highlights of this suite is its comfort focused design. The pan is slightly elevated, providing a higher seating position that reduces strain on the knees and back, making it beneficial for those who prefer a higher seating position.

Dimensions mm (WxDxH) 375mm x 645mm x 855mm

Zara Round

Rimless WCs

Suite combination

Two Zara 80cm oak one drawer units (ZAWH80SDO)
Zara 160cm compact Italian marble worktop (ZAWK160CLIM)
Two Layla 50cm round freestanding basins (LAYFSB500PR)
Zara round wall hung suite (ZARDWHPA)

In conversation with John Richards, Head of Product

"When designing the Zara suites, we chose the stepped features to set them apart and add visual intrigue through contoured and geometric lines. Our aim with Zara Square and Round was to curate a range that captures a timeless style with a nod to art deco design, while still opening it to design combinations with other suites and furniture."

Zara Back To Wall Suite

The back to wall design of the pan integrates the pan with a cistern hidden within the wall or a furniture unit. The design ensures that the toilet sits flush against the wall, concealing all pipework and providing a clean and uncluttered look.

Dimensions mm (W x D x H) 360mm x 520mm x 410mm

Description	Code	RRP <small>Inc VAT</small>
Zara back to wall pan	ZARDSHBTWPA	£198

Saffia

Traditional styling
High and low level suites
Multiple basin profiles

Suite combination

Saffia 47cm square basin (SAF47BA1)
Low level suite (SAFLLHLPAN & SAFLLBCI)

Suite Origins

Featuring intricate details and refined lines, the Saffia suite is a timeless addition to any traditional bathroom. The name Saffia was chosen with great care, as it holds revered meaning.

The name is derived from an Arabic trilateral root word, "s-f-y", which has a core meaning of purity. This name is a reflection of the suite's clean lines and pure design that is reminiscent of a bygone era.

Through Saffia, we also pay homage to two of our long term staff members who share a similar name to the suite; a testament to the values of family that we hold dear and a reflection of the intricacy, care and attention to detail that our people give rise to at Lecico.

Saffia

Basins and semi recessed basins

Saffia 55cm Round Basin & Pedestal

The Saffia Round Basin features a graceful and curved silhouette, inspired by classic design elements. Its round shape and smooth flowing lines create tranquillity and serenity, enhancing the overall ambience of the space.

Rigid 14 Shower Walls

Designed as a thick sandwich panel with a foam core and additional solid PET layer. The panel is stronger and stiffer than the Flex 14. Ideal for larger surfaces and complete walls. Requires a support structure but does not require a continuous structure or smooth surface.

Dimensions mm (WxDxH) 1200mm x 2420mm x 14mm

Profiles

Corner, Endings & Connections

Inside Corner

All inside corner connections involving Flex 14, Rigid 14, or Rigid+ panels utilise identical corner profiles made from anodised aluminium. The anodisation forms a protective layer on the surface, resulting in a resilient, corrosion-resistant finish. This enables the corner profiles to withstand environmental factors, ensuring long-term durability and the preservation of their appearance.

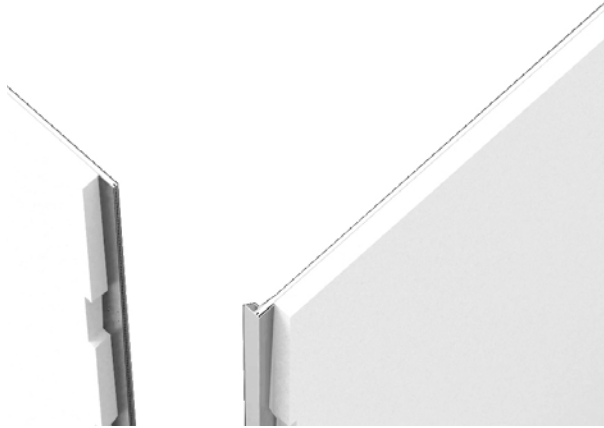

Code	RRP <small>Inc VAT</small>
Dimensions mm (WxDxH) 14mm x 14mm x 2420mm	
ALU-CI14X2420	£67

Outside Corner And Profiles

The outside corners and endings for all Flex 14 and Rigid 14 panels are finished with a simple profile. These profiles are made from anodised aluminium or PET.

Code	RRP <small>Inc VAT</small>
Dimensions mm (WxDxH) 20mm x 20mm x 2500mm / 15mm x 15mm x 2500mm / 15mm x 15mm x 2500mm	
Outside corner ALU-CO2500	£48
Stop profile ALU-S15x2500	£41
PET slot profile PETSLOT15x3x2420	£20

Connections

The connections between the Flex 14, Rigid 14 and or the Rigid+ panels are secured with connections slats. Contrary to the other profiles, these are not visible after installation. These slats fit inside precise millings in the panels and take care of both alignment and waterproofing. More information is available on request.

Connection pieces are built integral to panels

Brushed Stainless Steel Waste And Trap

Quick and easy installation with a shallow depth. The silicone membrane allows water to pass through while preventing unpleasant odours. Additionally, a bi-injected washer is included under the tray to ensure a dependable installation.

Shower Trays

Rectangular

Square

Quadrant

Tailored for use with our Layla and Zara enclosures, our range of shower trays offer four distinct styles to choose from, including rectangular, square, quad, and offset.

The rectangular and square shower trays benefit from clean lines and simple profiles that make for a seamless addition to any shower enclosure or wet room.

For a unique and practical option, our offset shower trays are the perfect choice. These trays feature a spacesaving position, adding a touch of creativity and asymmetry to your design.

Buxton

Timelessly traditional.

Cross handles and ethereal curves. If you want a bathroom to be true to the Victorian design then look no further than the Buxton range, with its classic weighty style, curved necks and cross handles capped in a traditional style.

Mirimar

Boldly square.

Pin lever handles and soft square lines. Mirimar's subtle angular design makes it a great companion for a wide range of basins.

 Flushing mechanisms, concealed cisterns and wall mounting frames – 1 year guarantee
 Furniture – 1 year guarantee
 Shower Enclosures – 12 years, 10 years on bath screens
 Shower Trays – Lifetime Guarantee

Guarantee Limitations

All product guarantees cover manufacturing defects only. Damage caused by accidental damage, excessive wear and tear or improper installation will not be covered. All guarantees cover the replacement of the original product with the same item if possible. If a product has become obsolete then an alternative similar product will be offered. The cost of re-installation is not covered by the guarantee. Brassware guarantee does not cover damage covered by calcium deposits. Bathroom furniture is designed to withstand a wet environment but does not include immersion or exposure to leaks. Proof of purchase date is required for us to honour these guarantees, please keep your purchase receipts safe. It is not necessary to register your guarantee with us. All guarantees are transferable provided you have the original proof of purchase.

Regular Servicing

Bathroom products include moving parts, joints, connections and valves which will suffer over time if they are not serviced regularly. We recommend that you have your bathroom appliances checked annually by a competent and certified plumber and that you consider replacing flushing mechanisms as soon as there are signs of poor function or water leakage.

Prices

The prices included within this brochure supersede all previous publications with goods being invoiced at prices ruling on date of dispatch. Prices shown are inclusive of VAT and are subject to alteration without notice.

Errors & Omissions

In the interest of continuing design and development and product improvement, Lecico reserve the right to change colour, designs & product specifications without prior notice. All colours/finishes in this brochure are as accurate as the printing process will allow.

Measurements

All dimensions are in millimetres and are nominal, they are provided as guidance only.

Wastes

Wastes are not supplied with freestanding taps, wall mounted taps, bath taps, bath fillers and bath shower mixers.

Cleaning Instructions

Clean with a soft cloth and avoid surfactants and heavily perfumed products. Do not use abrasive scrubbing cleaners or equipment for cleaning. Further guidance is available on request.

The Legal Bit

All items in this brochure are subject to availability and are correct at the time of printing. All dimensions are approximate and subject to normal variation. Although every effort is made not to change information, Lecico reserve the right to do so without notice.
