ENGINEERED FOR PROFESSIONALS

## “Made by Plumbers, for Plumbers”

Nerrad Tools was founded in 2010 by Darren Chalkly, an experienced gas engineer/plumber with over 25 years “on the tools”. Familiar with the challenges heating and plumbing industry professionals face on a daily basis Darren wanted to make available products that suited their needs better, making the industry a better place to work in.

There was already a vast array of plumbing tools on the market, but he felt there was room for further improvement and innovation. He analysed the requirements and feedback from plumbers and identified areas that could be re-developed. One example is the goal of building in ergonomic, ‘easier to use’ functionality, requiring much less human force to operate, resulting in reduced wear and tear for the product and the plumber alike.

In 2014, Darren partnered with Carl Kammerling International, owner of a number of high-quality brands including CK tools and Kasp security, who shared his vision of developing a leading plumbing tool brand. The partnership brought funds for expansion and significant logistics expertise, ensuring that distributors were and continue to be well served.

In 2018 Carl Kammerling International acquired 100% of the company, but the goals remain the same and Nerrad Tools is as determined as ever to build on the legacy left by its founder, its mission to create a range of hand tools for professionals, constructed to the highest standards, making everyday plumbing tasks easier to carry out, ultimately making the engineer more productive.

 Nerradtools

## Cutting Tools

4-23

Nerrad have a wide range of cutting tools, ranging from products engineered to cut 8mm copper tube through to specialist cutters for work on large 160mm commercial/industrial pipe.

## Hand Tools

24-45

As well as having over 20 variations of Wrenches starting at 4" through to 24", Nerrad also have items such as the plumbers level, screwdriver sets, hacksaws and the industry renowned Tapex Kit.

## Pipe Bending and Soldering

46-49

This section contains equipment needed for bending 15mm, 22mm and 28mm copper pipe. Also you will find our best selling and unique Firejet Blowtorch.

## Maintenance Tools and Storage

50-69

Nerrad have a fantastic offering of maintenance products for every plumbing and heating engineer. From a 37 piece socket set to the highly adaptable Versa funnel. As well as supplying the very best plumbing and heating products we also supply professional tool storage solutions.

Copper Tubes  
Spare  
Wheel  
Page 22  
& 23

HSS (high speed steel) cutting wheel is engineered to last up to 6 times longer than conventional close quarters cutting wheels

Redesigned cutting wheel profile provides cuts with minimal pipe burr to ensure maximum gas/water flow rates

High tension cutting wheel spring enables fast, clean cuts with minimal cutter revolution

External axle lubrication points allows for roller lubrication without the need to disassemble cutter body

**1 YEAR  
WARRANTY**

## Copper Tube Cutters

Copper Tubes  
Spare  
Wheel  
Page 22  
& 23

Ratchet action allows the engineer to retain constant hand grip on the tool whilst cutting

Internal Cutting Mechanism rotates independently from outer body which is ideal when working in confined space

Ergonomic design helps the cutter sit comfortably in the palm of your hand

Maximum functionality ensures smooth operation minimising the risk of hand fatigue

**5 YEAR  
WARRANTY**

## Adjustable Tube Cutters

**NT4276**  
**RAPID ADJUSTABLE CUTTER**  
**6-76MM**

**NT4245**  
**ADJUSTABLE CUTTER**  
**3-45MM**

**NT4276** for large sized tubes, comes complete with a built in “Noga” reamer to deburr pipework. A maximum cutting width of 76mm and four hardened steel rollers make it the preferred choice of commercial engineers. The rapid size adjustment feature makes it quick and easy to alter the diameter setting

**NT4245** for medium sized tubes and has a maximum cutting width of 45mm. A built in “Noga” reamer is used to deburr pipework. With four hardened rollers for secure, clean tube cutting and telescopic size adjustment which is quick, smooth and precise

# Adjustable Tube Cutters

5 YEAR  
WARRANTY

“THE SMALLEST ADJUSTABLE TUBE CUTTER  
IN THE NERRAD RANGE”

**NT4230**  
**ADJUSTABLE COPPER**  
**TUBE CUTTER**  
**5-30MM**

**NT4230** is the smallest adjustable tube cutter in the Nerrad range and has two hardened rollers which securely grip the tube to give a fast, clean cut. Its small compact design makes it feel comfortable in the palm of the hand and easy to use

It features a spare cutting wheel stored within the adjustment handle and its ICS (instant change system) allows you to replace the cutting wheel without any tools

**2 YEAR  
WARRANTY**

## Adjustable Ratchet Action Copper Tube Cutters

“IDEAL FOR WORKING IN CONFINED SPACES”

**NT4023**  
ADJUSTABLE RATCHET ACTION  
6-23MM

**NT4028**  
ADJUSTABLE RATCHET ACTION

**NT4035**  
ADJUSTABLE RATCHET ACTION  
12-35MM

**NT4067**  
ADJUSTABLE RATCHET ACTION  
35-67MM

Internal Cutting Mechanism rotates independently from outer body which is ideal when working in confined spaces or where pipes are difficult to access or close to the wall.

Ergonomic handle has been designed for single hand operation and requires low effort to operate

Built in foldable reamer for removing burrs from pipework

# Pipe Deburring Tool

“5 STAR RATING”

**NT2001**  
**PIPE DEBURRING TOOL**

Handy reamer used to deburr copper & plastic internally  
and plastic externally

Deburs pipes 3-42mm

Cast aluminium body with hardened steel blades

 **NT213015**  
**OLIVE CUTTER**  
**15MM**

**NT213022**  
**OLIVE CUTTER**   
**22MM**

**Compact design, ideal for working in confined spaces**

**Effortlessly cuts olives without pipe damage or swarf**

**All steel construction with hardened high alloy steel cutting blade**

# Plastic and Multilayer Tube Cutters

# Vipergrip Waterpump Pliers

- NTVPRG300**  
**VIPERGRIP PUMP PLIERS 12"**  
Max jaw width: 75mm
- NTVPRG240**  
**VIPERGRIP PUMP PLIERS 9"**  
Max jaw width: 55mm
- NTVPRG180**  
**VIPERGRIP PUMP PLIERS 7"**  
Max jaw width: 43mm

**Slim Jaw Design for maximum accessibility**

**Push Button Adjustment which allows for precise, fine increments**

**Perfect for working on boilers, pump valves,  
nuts and unions in awkward positions**

# Variable Bilateral Wrenches

5 YEAR  
WARRANTY

“DESIGNED TO GRIP, NOT SCRATCH”

➤ **NTVBW315**  
**VARIABLE BILATERAL WRENCH 12"**  
Max jaw width: 60mm

➤ **NTVBW310**  
**VARIABLE BILATERAL WRENCH 10"**  
Max jaw width: 46mm

➤ **NTVBW305**  
**VARIABLE BILATERAL WRENCH 8"**  
Max jaw width: 36mm

Jaws are constantly parallel in every adjustment position and incorporate a “ratchet” type action allowing you to release the handles slightly on the return stroke without removing the jaws from the fitting

Can be used on anything from seized nuts to gold plated fittings without fear of damaging them

Grip ratio of 10:1 from the handles to the jaws ensures there is zero lash on the fitting being worked on

**5 YEAR  
WARRANTY**

# Super Wide Adjustable Wrenches

**NTSW08**  
**ADJUSTABLE SUPER WIDE  
WRENCH 8"**  
Max jaw width: 39mm

**NTSW06**  
**ADJUSTABLE SUPER WIDE  
WRENCH 6"**  
Max jaw width: 34mm

Max jaw width: 39mm

**NTSW06XS**  
**ADJUSTABLE SUPER WIDE  
WRENCH 6" XTRA SLIM**  
Max jaw width: 34mm

This XTRA SLIM version is perfect when access is limited around the fitting being worked on

The jaw surfaces are machined flat and are perfectly parallel, ensuring reduced slippage takes place even when subjecting the wrench to extreme loading

The two-component rubber grip gives maximum user comfort at all times

# Stubby Adjustable Wrenches

LIFETIME  
WARRANTY

“FANTASTIC IN CONFINED SPACES”

## NTSWS4 SUPERWIDE STUBBY WRENCH 54MM WIDE JAW

Designed for pump unions in restricted spaces

## NTSWS2

## SUPERWIDE STUBBY WRENCH 32MM WIDE JAW

Smallest adjustable to fit a 22mm compression fitting

## NTSWOMINI ADJUSTABLE MINI WRENCH 4" 18MM WIDE JAW OPENING

The precision engineered Adjustable Mini Wrench is designed for working in tight spaces and has the largest jaw width in its class. Made from CRV steel, our little wrench may be small - but it certainly means business! Ideal for use on drain valves and internal boiler fittings

1 YEAR GUARANTEE

# Parallel Jaw Pump Pliers

**NT6002**  
**PARALLEL JAW PUMP**  
**PLIERS 250MM**

Jaws are constantly parallel in every adjustment position and incorporates a “ratchet” type action allowing you to release the handles slightly on the return stroke without removing the jaws from the fitting

Can be used on anything from sized nuts to gold plated fittings without fear of damaging them

## **NTPLVL1** **ALUMINIUM BOAT LEVEL AND STRAP**

Expertly machined from a single piece of high-grade aluminium making it hard wearing and reliable

Five planes of measuring: 30, 45, 90 - horizontal and vertical, with handy bullseye level on top

Comes fitted with 4 extra strong, oversized earth magnets for use on magnetic surfaces as well as adjustable strap which allows for "hands free" use on non-magnetic surfaces and plastic pipe

# Basin, Bath and Tap Spanners

**NT6300**  
TAP BACKNUT  
BOX SPANNER

**NT631003**  
MONOBLOCK  
SPANNER SET

**NT6320**  
COMPRESSION  
NUT SPANNER

**NT6300** to fit 15mm (1/2") and 22mm (3/4") brass and nylon backnuts

**NT631003** sizes: 8/9mm, 10/11mm and 12/13mm

**NT6320** to be used on 15mm and 22mm compression fittings

# Telescopic Basin Wrench and Spanners

**NT6330**  
TELESCOPIC  
BASIN WRENCH

**NT6301**  
BASIN WASTE  
BACK NUT BOX  
TYPE SPANNER

**NT6302**  
IMMERSION HEATER  
SPANNER - BOX TYPE

**NT6330** Forged steel jaws ensure strength and durability, with the ability to extend up to 410mm across four adjustable stages. The spring jaw automatically adjusts, while the jaws can rotate 180 degrees for enhanced flexibility.

**NT6301** Fits 46mm & 50mm Brass & Plastic Waste Backnuts with ease, designed to accommodate a standard Tommy Bar, and zinc-plated corrosion resistance.

**NT6302** Steel Construction complete with tommy bar for added leverage. 86mm A/F

# Drain Accessories

STOP COCK  
KEY 1000MM

**NT6304**  
RADIATOR  
VALVE  
SPANNER

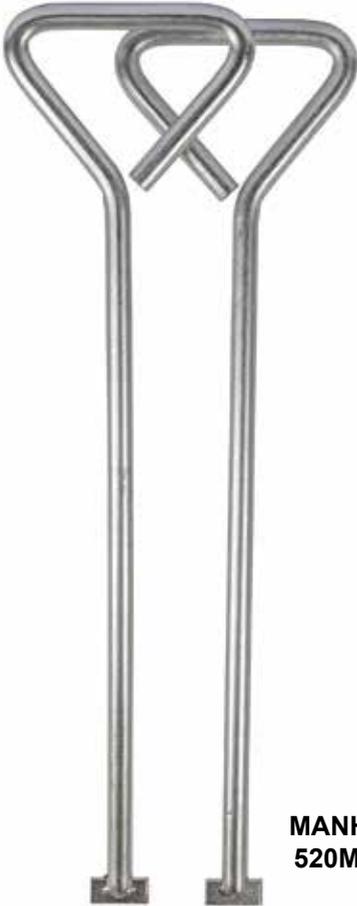

**NT6305**  
MANHOLE KEYS  
170MM (2 PACK)

**NT6303** Fits 1/2 & 3/4" Square & Crutch Head Stopcocks with an operating handle with chisel end for lifting covers. Steel Construction

**NT6304** Zinc-plated steel construction tailored for most domestic radiators and suitable for Rad Valves & Vent Plugs

**NT6305** Heavy duty steel construction designed to fit most standard Manhole covers, featuring a comfortable closed handle.

# Drain Accessories

**NT6306**  
MANHOLE KEYS  
520MM (2 PACK)

**NT3005**  
PISTOL GRIP PRO  
DRAIN CLEANER

**NT6306** Heavy duty steel construction designed to fit most standard Manhole covers, featuring a comfortable closed handle.

**NT3005** Featuring a 25ft High Carbon Steel Spiral, this tool is ideal for 1 1/4" - 2" Basin, Bath & Shower Tray Wastes, featuring a comfortable Pistol Grip Handle.

**5 YEAR  
WARRANTY**

## Multi Angle Pipe Wrench

**NTMAW10**  
**MULTI ANGLE PIPE WRENCH 10"**

**Manufactured with Chromium-Vanadium steel hardened jaws  
combined with a lightweight aluminium handle**

**Designed for working on difficult to access fittings**

**The head of the wrench can be set to 10 different positions  
with a simple push button adjustment**

# Japanese Prybar and Self Grip Wrench

**NT810010**  
JAPANESE PRYBAR 10"

**NT621010**  
SELF GRIP WRENCH 10"

**NT810010** has a 46mm wide tip for precise removal causing minimal damage. Also the flat heel is perfect for striking with a hammer. Hot forged from medium carbon steel for strength and durability

**NT621010** with tough chrome molybdenum handle which is nickel plated for corrosion protection. Drop forged jaws for strength and durability with curved jaws for securely gripping round and hexagonal sections

# Tap Wrench Kit

“UNIQUE TO NERRAD, THE TAPEX KIT WILL REDUCE TIME AND COST ON EVERY JOB!”

**T**  
**TAPEX KIT**

**NTTAPEXKIT1**

**18 Piece Professional Tap Wrench Kit**

**LIFETIME  
WARRANTY**

**“ALL THE SIZES YOU NEED! HELPS GET TO  
THOSE HARD TO REACH TAPS!”**

## **▶ CONTENTS:**

6 x Extra long “flank style” forged sockets for bathroom and kitchen monobloc taps

1 x 3/8” to 8mm Hex adapter socket

1 x Plastic handle

1 x Sliding T Bar - 165mm

1 x 3/8” to 1/4” reducer - 100mm

1 x 3/8” Drive extendable ratchet 190-248mm

1 x 3/8” Universal joint

1 x 1/4” Universal joint

1 x 3/8” Drive adjustable extension 230-380mm

4 x Patented “sockets within a socket” designed to fit all known sizes of 1/2” and 3/4” back and supply nuts.\*

\*(At time of press)

**Chrome vanadium construction for strength and durability**

**Composite ‘quick action’ handle**

**Slide bar, universal joints and fixed extension for access and flexibility**

**Adjustable reach ratchet handle and length extension to improve work in tight spaces**

**5 YEAR  
WARRANTY**

# Heavy Duty Adjustable Wrenches

# Screwdriver Sets

## **NTSDS1 6 PIECE SCREWDRIVER SET**

ProGrip 6 piece screwdriver set featuring: Ergonomically shaped, dual component handles. Premium quality Chrome Vanadium Molybdenum blades. Precision machined tips. Tip type marking for easy identification.

### **Set Contains:**

PZ: 1x80, 2x100, Slotted: 3.0x100, 4.0x100, 5.5x125, 6.5x150

## **NTSDSXLR 2 PIECE XTRA LONG REACH SCREWDRIVER SET 400MM**

ProGrip 2 piece long reach screwdriver set featuring: Ergonomically shaped, dual component handles. Premium quality Chrome Vanadium Molybdenum blades. Precision machined tips. Tip type marking for easy identification.

### **Set Contains:**

PZ: 2x300, Slotted 6.5x300

# VDE Insulated Screwdriver Set

## **NTSDSVDE 7 PIECE SCREWDRIVER SET VDE FULLY INSULATED 1000V**

ProGrip VDE Insulated 7 piece screwdriver set featuring: Ergonomically shaped, dual component handles. Premium quality Chrome Vanadium Molybdenum blades. Precision machined tips. Tip type marking for easy identification. Each tool individually tested to 10,000 Volts to DIN EN60900, IEC norms. VDE Approved for safe use up to 1000v.

**Set Contains:** PZ: 1x80, 2x100, Slotted: 3.0x100, 4.0x100, 5.5x125, 6.5x150  
Mainstester: 2.5mm

**Precision machined tips**

**Ergonomically shaped dual component handles**

**Soft grip rubber handle for extra turning power and comfort**

**HACKSAW**  
**C/W 24TPI BLADE**

**Integrated clamping key for quick and easy blade changes**

**Blade magazine inside the detachable tube frame for storage of spare blades**

**Two component plastic handle for secure grip and comfort**

# Hacksaws

1 YEAR  
WARRANTY

**NTHS150**  
150mm MINI HACKSAW  
C/W ADDITIONAL PADSAW  
BLADE ADAPTOR

**NTHS150PS**  
SPARE PADSAW  
BLADE AND ADAPTOR  
FOR NTHS150

**NT8305**  
JUNIOR HACKSAW

**NT8305-1** BI-METAL BLADES  
FOR JUNIOR HACKSAWS

**NT8305-2** UNIVERSAL BLADES  
FOR JUNIOR HACKSAWS

**NTHS150** Professional quality multi-functional saw which quickly and easily converts from a hacksaw to a padsaw. Soft grip ergonomic handle for comfort and control. High tension blade adjustment with 32TPI hacksaw blade and 24TPI padsaw blade

**NT8305** Small compact traditional junior hacksaw for those tight spaces. Comes complete with 24 TPI blade. Non-protruding blade fixing for safety

**2 YEAR  
WARRANTY**

# Pipe Bender

**NTTB152**  
**PIPE BENDER**  
15mm and 22mm

**FOR THE PIPE BENDER BAG GO TO  
PAGE 68**

**NTTB22G**  
SPARE GUIDE 22mm FOR NTTB152

**NTTB15G**  
SPARE GUIDE 15mm FOR NTTB152

Precision engineered in Sheffield, England  
and yields a consistent ripple free bend

Bends copper pipe quickly and easily on the go, saving time and effort

Formers are fully machined to ensure they are  
exceptionally strong and have zero side wall flex

# Pipe Bending Machine

5 YEAR  
WARRANTY

**NTTB152228**  
**PIPE BENDING MACHINE**  
15mm, 22mm, & 28mm

Precision engineered in Sheffield, England

Heavy duty stable construction

Locking fold away legs and carry handle for easy transportation. Guides clip onto the frame and steel pins prevent frame from unlocking whilst in transit

Complete with 3 sizes of former and guide: 15mm, 22mm and 28mm

**1 YEAR  
WARRANTY**

# Blow Torch

**“GREAT BALANCE AND COMFORT, ITS A PLEASURE TO USE”**

# **FIREJET**

**ENHANCED FEATURES  
GIVING EVEN GREATER LEVELS  
OF RELIABILITY AND SAFETY.**

**NTFJ500  
FIREJET BLOW TORCH**

**Easy clean serviceable diffuser. The nozzle can be stripped down to give instant access so that the diffuser can be removed, cleaned and re-assembled**

**Nozzle design minimises thermal conductivity for safer handling**

**Non-corroding brass cylinder connection assures there are no stripped threads when removing or attaching the industry standard CGA600 bottles**

# Brazing Mat

“ENSURING THE HIGHEST  
SAFETY STANDARDS”

**NT1001  
BRAZING MAT**

**Dimensions: 300mm x 200mm**

**Has a wipe clean backing and withstands heat and flames up to 1200°C**

**Protects walls, carpets and other  
flammable materials from heat damage**

## **➤ CONTENTS:**

13 x 1/4" Socket, double finished and knurled, 6 point  
Size: 4, 4.5, 5, 5.5, 6, 7, 8, 9, 10, 11, 12, 13, 14mm

1 x 1/4" Ratchet handle - Soft grip

1 x 1/4" Driver handle - Soft grip

3 x 1/4" Extension Bars Knurled  
Sizes: 55, 100 & 150mm

1 x Universal joint 1/4"(M) \*3/8"(F)

1 x 1/4" X 1/4" Hex coupler

16 x Screwdriver Bit:  
(Slotted) 4, 5.5, 7mm  
(PZ) 1, 2, 3  
(Hex) 3, 4, 5, 6mm  
(TX) T10, T15, T25, T27, T30, T40

**72 tooth positive lock reversible ratchet drive for tight workspace**

**Premium chrome vanadium construction for strength and durability**

**Universal joint and 3 extension drive lengths for access and flexibility**

**“Flank style” drive sockets grip the flat, to prevent slipping and rounding of fasteners and fixings**

# Versa Funnel & Uni Spanner

**NTVSF1**  
**VERSA-FUNNEL**

**NT6350**  
**UNI SPANNER WITH**  
**RATCHET HANDLE**

**NTVSF1** Manufactured from flexible aluminium, then covered in high grade nitrile rubber, it can be formed into virtually any shape and can be bent, flexed or twisted up to 10,000 times. This product is for use with virtually all liquids including oils and can withstand extreme water temperatures. The ideal product for numerous applications from draining boilers to leaking radiators and diverting water away from the PCB

**NT6350** Fits Radiator valves, tails, lugs, nipples and tank connectors  
Stepped Hexagonal Sizes; 3/8", 7/16", 1/2", 5/8", 13/16". 1/2" drive ratchet action handle ideal for work in tight spaces

# Drain Down Hose and Radiator Bleed Keys

**NT3001100**  
DRAIN DOWN HOSE

**NT3001115**  
DRAIN DOWN HOSE  
FLEXI PRO 15M

**NT6001**  
RADIATOR BLEED KEYS

**NT3001100** is 10 metres in length and hi-visibility for use in poorly lit areas. This product is made from kink resistant polyester reinforced PVC and includes thumb turn connector clip and Velcro straps for storage

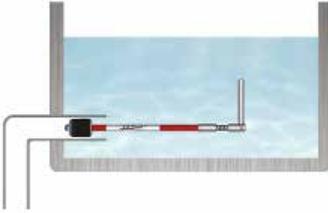

**NT3001115** is 15 metres in length and is manufactured using a nitrile rubber/PVC blend, which is super soft and allows the hose to lay flat when rolled out

**NT6001** pack of 2 solid brass easy grip clockwork turning radiator bleed keys, manufactured with a square opening

# Jet Swet Water Flow Prevention Device

*"Jet Swet"*™

Our Jet Swet water flow prevention device is designed to temporarily isolate the flow of water in pipes to allow the engineer to work on the removal, refitting or soldering of valves and fittings.

**NTJS1522**  
JET SWET PACK  
15/22MM

**NTJS28**  
JET SWET TOOL  
28MM

**NTJS15RG**  
REPLACEMENT SEAL FOR JET SWET 15MM

**NTJS22RG**  
REPLACEMENT SEAL FOR JET SWET 22MM

**NTJS28RG**  
REPLACEMENT SEAL FOR JET SWET 28MM

**2 YEAR  
WARRANTY**

**NTJSKIT**  
**JET SWET KIT (CASE)**  
**INCLUDES: 15MM/ 22MM/  
28MM/ 35MM/ 42MM/ 54MM**

Can hold up to 75 PSI of pressure allowing heavy duty work to be carried out

The Jet Swet gasket is a unique EPDM/Silicone composite, made to withstand the intense heat of soldering and brazing

Jet Swet allows the engineer to work on live pipework as soon as they arrive at the job. No more waiting for the water to drain!

# Pow-R Pipe Repair Bandage

Pow-R Wrap is a strong, permanent and economical repair that can mend virtually any kind of pipe and hose. Working in wet, dry, clean, dirty and under-water conditions, it's an ideal alternative to traditional methods such as cementing, soldering, welding and replacement.

➤ **NTPW260**  
POW R WRAP BANDAGE  
(WRAP SIZE 2" X 60" - FOR  
PIPES 1" - 2")

➤ **NTPW4180**  
POW R WRAP BANDAGE  
(WRAP SIZE 4" X 180" FOR  
PIPES 4" - 6")

➤ **NTPW8540**  
POW R WRAP BANDAGE  
(WRAP SIZE 8" X 540" -  
FOR PIPES 8" - 12")

➤ **NTPW3108**  
POW R WRAP BANDAGE  
(WRAP SIZE 3" X 108" - FOR  
PIPES 2" - 4")

➤ **NTPW4360**  
POW R WRAP BANDAGE  
(WRAP SIZE 4" X 360" - FOR  
PIPES 6" - 8")

➤ **NTPW872**  
POW R WRAP BANDAGE  
(WRAP SIZE 8" X 72" - FOR  
PIPES 4")

Effective on virtually every kind of pipe

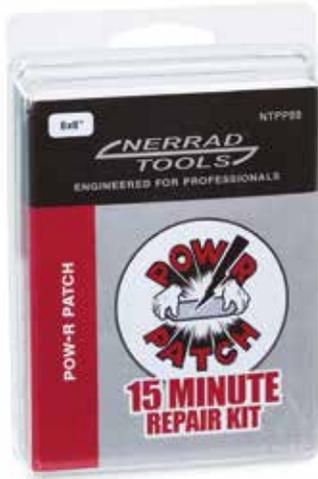

Industrial strength, permanent and economical repair kit

Works on wet, dry, clean, dirty or corroded pipes,  
even under water

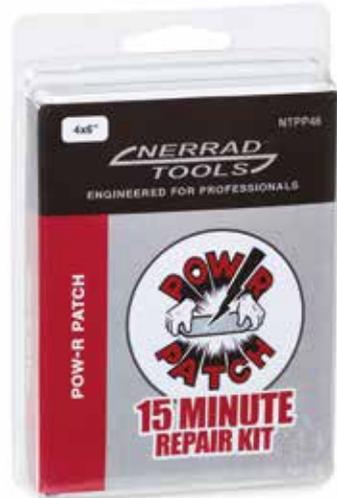

# Pow-R Pipe Repair Patch

Pow-R Patch is a complete repair kit that includes a pre-coated fiberglass cloth in self-contained mixing pouch, a pair of protective gloves and installation instructions. Each kit will adhere to PVC, metal, wood, fiberglass, plastic and is perfect for flat and round surface repairs. Pow-R Patch is simple, fast and delivers long-term solutions!

**NTPP88**  
**POW R PATCH**  
**8\"/>**

**NTPP46**  
**POW R PATCH**  
**4\"/>**

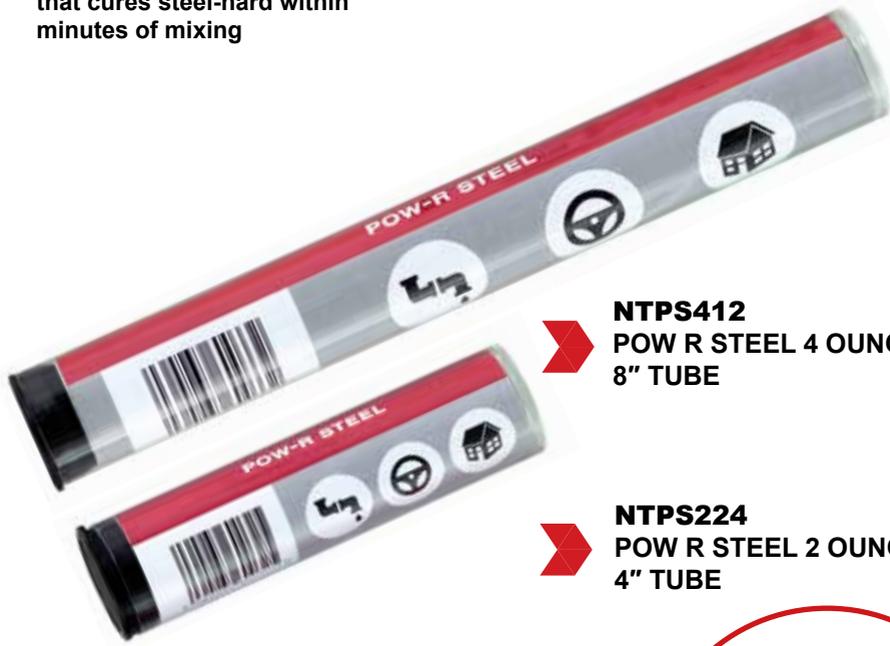

Cures hard in 15 minutes

Can even set under water

Package comes in 2 parts: a catalyst and the patch with resin

# Pow-R Pipe Repair Putty

Pow-R Steel™ is a kneadable steel reinforced epoxy putty that cures steel-hard within minutes of mixing

➔ **NTPS412**  
POW R STEEL 4 OUNCE  
8" TUBE

➔ **NTPS224**  
POW R STEEL 2 OUNCE  
4" TUBE

Extremely tough and durable with exceptional adhesion to a wide range of metals and materials

After one hour, it can be drilled, tapped, filed, machined and more

# Abrasive Cleaning Strips & Roll

Waterproof - Can be  
used wet or dry

**NT2201**  
**ABRASIVE CLEANING STRIPS**  
**10 PER PACK**

**NT2202**  
**ABRASIVE CLEANING**  
**ROLL 5M**

For cleaning fitting inside and out, and roughing up plastic, metal and wood surfaces

Can be used for sanding, with open mesh to prevent clogging

Double-sided silicon carbide for longer lasting use

Industrial grade - ideal for tough cleaning and preparing of joints, ready for soldering

# Chain Pipe Vice and Heavy Duty Tripod Stand

**NTCPVS**  
**CHAIN PIPE VICE AND**  
**HEAVY-DUTY TRIPOD STAND**

**Rugged, heavy duty tripod stand and durable tool tray**

**Ideal when working with larger pipes**

**6" Quick release chain vice**

**Ceiling brace for when extra support is required and wide angle legs for increased stability**

# Pressure Testing Pump

“FILL THE RESERVOIR FROM THE TAP”

➔ **NTHYDPTP**  
**HYDRAULIC PRESSURE TEST PUMP**  
**C/W INTEGRAL SELF FILLING VALVE**

**Maximum pressure 50 bar (840 PSI)**  
**Tank capacity 12 litres**  
**Connection R 1/2" BSPT**  
**Steel construction**  
**Comes complete with Float Valve and Pushfit Drain connection**  
**Easy fill reservoir saving time**

# Mini Utility Bag

“MINI BAG IS IDEAL FOR A WIDE RANGE OF USES”

**NT7100**  
MINI UTILITY BAG

Adjustable shoulder strap for convenience

Five external pockets for a variety of tools

4 internal compartments ideal for blowtorch, gas canister and flux

The bag can fold flat for storage

# 18" Plumbers Tote

**"FIRST TOTE BAG SPECIFICALLY  
DESIGNED FOR PLUMBERS"**

**NT720018**  
**18" PLUMBERS TOTE**

**100% waterproof and crack proof polymer base**

**32 pockets including unique storage for gas torch and cylinder**

**Padded shoulder strap for convenience and tough steel handle**

**Made from 600 denier polyester, resistant to tears and staining**

# Mini Utility Tool Kit 1
