# Welcome to Pura

PURA bathrooms are one of the fastest growing, dynamic and ambitious bathroom product manufacturer's in the UK. Founded in 2004, we are family owned and are based in East Sussex. Exclusively available via independent showrooms and trade customers; we offer a choice of brands that are designed to inspire; are beautiful to look at and; are manufactured to the highest quality standards with precision and thoughtfulness. Combine this with superb value-for-money from the top to the bottom of our price range and our products are the benchmark for competitors to aspire to.

## Where is Pura Bathrooms based?

We are based across multiple UK sites. Our group sales and after-sales are located in our 40,000ft<sup>2</sup> Crowborough Head Office, manufacture is in Crowborough and Waltham Cross. The recent relocation of our distribution centre to a purpose built 2,800 pallet, 37,000ft<sup>2</sup> facility, strategically located in Coalville, Leicestershire, means we can provide a fast, efficient service to our stockists. We maintain a massive stock holding across all sites, and our fleet of vehicles and chosen courier partners distribute from the far North of Scotland to the tip of Cornwall in the South.

## Materials

Our products are manufactured using the highest quality materials available. Conforming to all required CE approvals, our sanitaryware is produced using a precise combination of over 17 components, perfected over many years of manufacture. Production within the same factory ensures our sanitaryware range colour matches allowing you to mix and match as desired.

Our brassware is produced using the highest grade brass with no recycled materials. Providing endorsement of the quality and reliability of our range, much of our brassware is approved under the stringent WRAS approval scheme. Look out for the WRAS approval icon throughout the brochure.

## Guarantees

To reflect our confidence in the quality, durability and reliability of our product range we offer a 25 year guarantee across our range of sanitaryware and baths along with a 10 year guarantee for our brassware and accessories. Quality you can rely on; product you can trust.

# Arco Series

Modern and minimalist with square lines softened with subtle curves, the popular Arco Series has a wide and versatile range of sanitaryware to choose from. With a superb range of sophisticated sanitaryware available, you can create that celebrity 'beach-house-cool' look in your bathroom, without the accompanying price tag!

## Arco close coupled and back to wall WC's

The sheer choice and versatility of Arco means you can design a bathroom scheme to suit your taste and lifestyle.

For more traditional bathrooms choose a close coupled WC or choose a back to wall WC with concealed cistern for a more streamlined modern, minimalist look – and it's easier to clean too! Team either with a slow close seat or a matching bidet for total luxury.

## ARCO Series

With the combination of square lines and smooth curves, the Arco range sits equally well with straight or curved brassware. Please refer to our brassware collection from page 156 and select a range to suit you.

## Arco range stylish sanitaryware

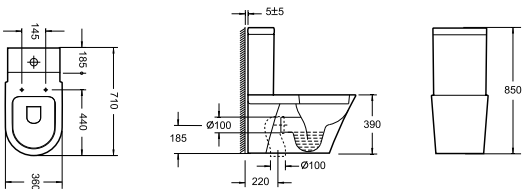

Keep it simple and select matching Arco washbasins to complete the look. Choose from a 550mm or 610mm basin and team with a full or half pedestal, or if you want more storage and that 'hotel look' choose a 550cm semi-countertop basin to place into your bathroom furniture, and for a small ensuite or cloakroom scheme there's a dinky cloakroom basin.

## Arco wall hung WC with slow close seat and bidet

Modern, minimalist and impressive to look at. Arco wall hung WC and matching bidet will be a showstopper in the bathroom. With nothing but a stunning chrome wall plate and bowl on view the WC gives that 'hotel-chic' look that will make the bathroom special. Team with a luxurious slow close seat and a matching bidet the look is complete!

# Urban Series

Iconic design meets contemporary practicality. Urban's polished, unfussy, curved lines and ergonomic shape are the perfect design cues for modern living. Making a statement in the bathroom couldn't be simpler with Urban. Ideal for family bathrooms, ensuites and cloakrooms, choose from beautiful basins with full or half pedestals and a traditional close coupled WC to make your bathroom scheme superb.

Urban 560mm basin and pedestal with close coupled WC.

**PURA** Bathroom products

Urban close coupled WC

For a more traditional solution with a contemporary twist, team an Urban close coupled WC with an indulgent Puraplast slow close seat – the ultimate in bathroom luxury.

Urban beautiful semi-recessed basin

Basins come in many shapes and sizes, but for the ultimate in hotel-chic, choose a beautiful 560mm semi-recessed Urban basin which can be integrated into a bathroom storage unit, hiding all of the plumbing and meaning you can de-clutter the space.

Also in the range are equally stylish basins in 450mm and 560mm which can be mounted on a matching Urban full or half pedestal.

# Bloque Series

Bold and modern in shape, yet timelessly elegant, the Bloque Series of contemporary sanitaryware and brassware offers the complete bathroom solution. Each piece, makes a statement on its own. The sculptured, statuesque lines of the basins, WCs and bidets will give the bathroom scheme personality and presence. Team with a fabulous range of showers and brassware to complete the look.

## Bloque creates bold and modern lines

Bold, modern and pleasing on the eye, Bloque's stunning lines will impress in the bathroom. The 550mm basin can be teamed either with a full or half pedestal to achieve an impressive, sculptural look.

## Bloque close coupled, back to wall and wall hung WCs

A choice of traditional close coupled, contemporary back to wall or bang on trend wall hung WCs mean you can create your own personal 'look' whether traditional elegance or modern, minimalist. Add a Bloque bidet for total indulgence. Complete your scheme with a luxurious soft close Puraplast seat.

## Bloque brassware

Create the complete home spa or sanctuary by complementing your Bloque sanitaryware with the fabulous range of Bloque taps, spouts, bathfills, shower valves and shower kits. All finished to the highest standards you can expect.

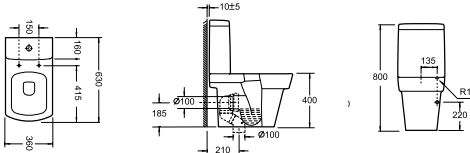

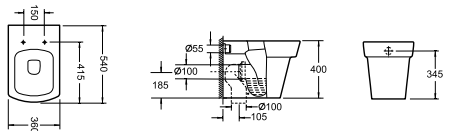

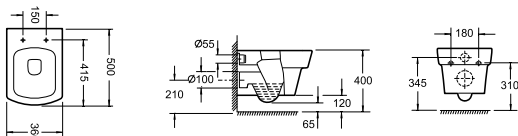

From the simplest basin taps, to a bathfill, a 4 way diverter, showers and shower kits, you will be able to primp and pamper yourself in Bloque heaven.

# Str8 Series

With striking good looks and inspired style, the Str8 Series of sanitaryware combines perfectly to create a bathroom that oozes class and quality. With straight, sculptured, modernist lines, Str8 will make a statement in your bathroom. A capsule range, there are sufficient combinations to create the magnificent bathroom you desire.

## STR8 Series

Perfectly complemented by the Bloque or SQ2 brassware collection, refer to pages 158 and 170 to find your ideal Str8 partner.

## Str8 close coupled WCs with soft close seat

A traditional close coupled WC with matching close coupled cistern in strong, straight modernist lines will finish off the bathroom look you desire.

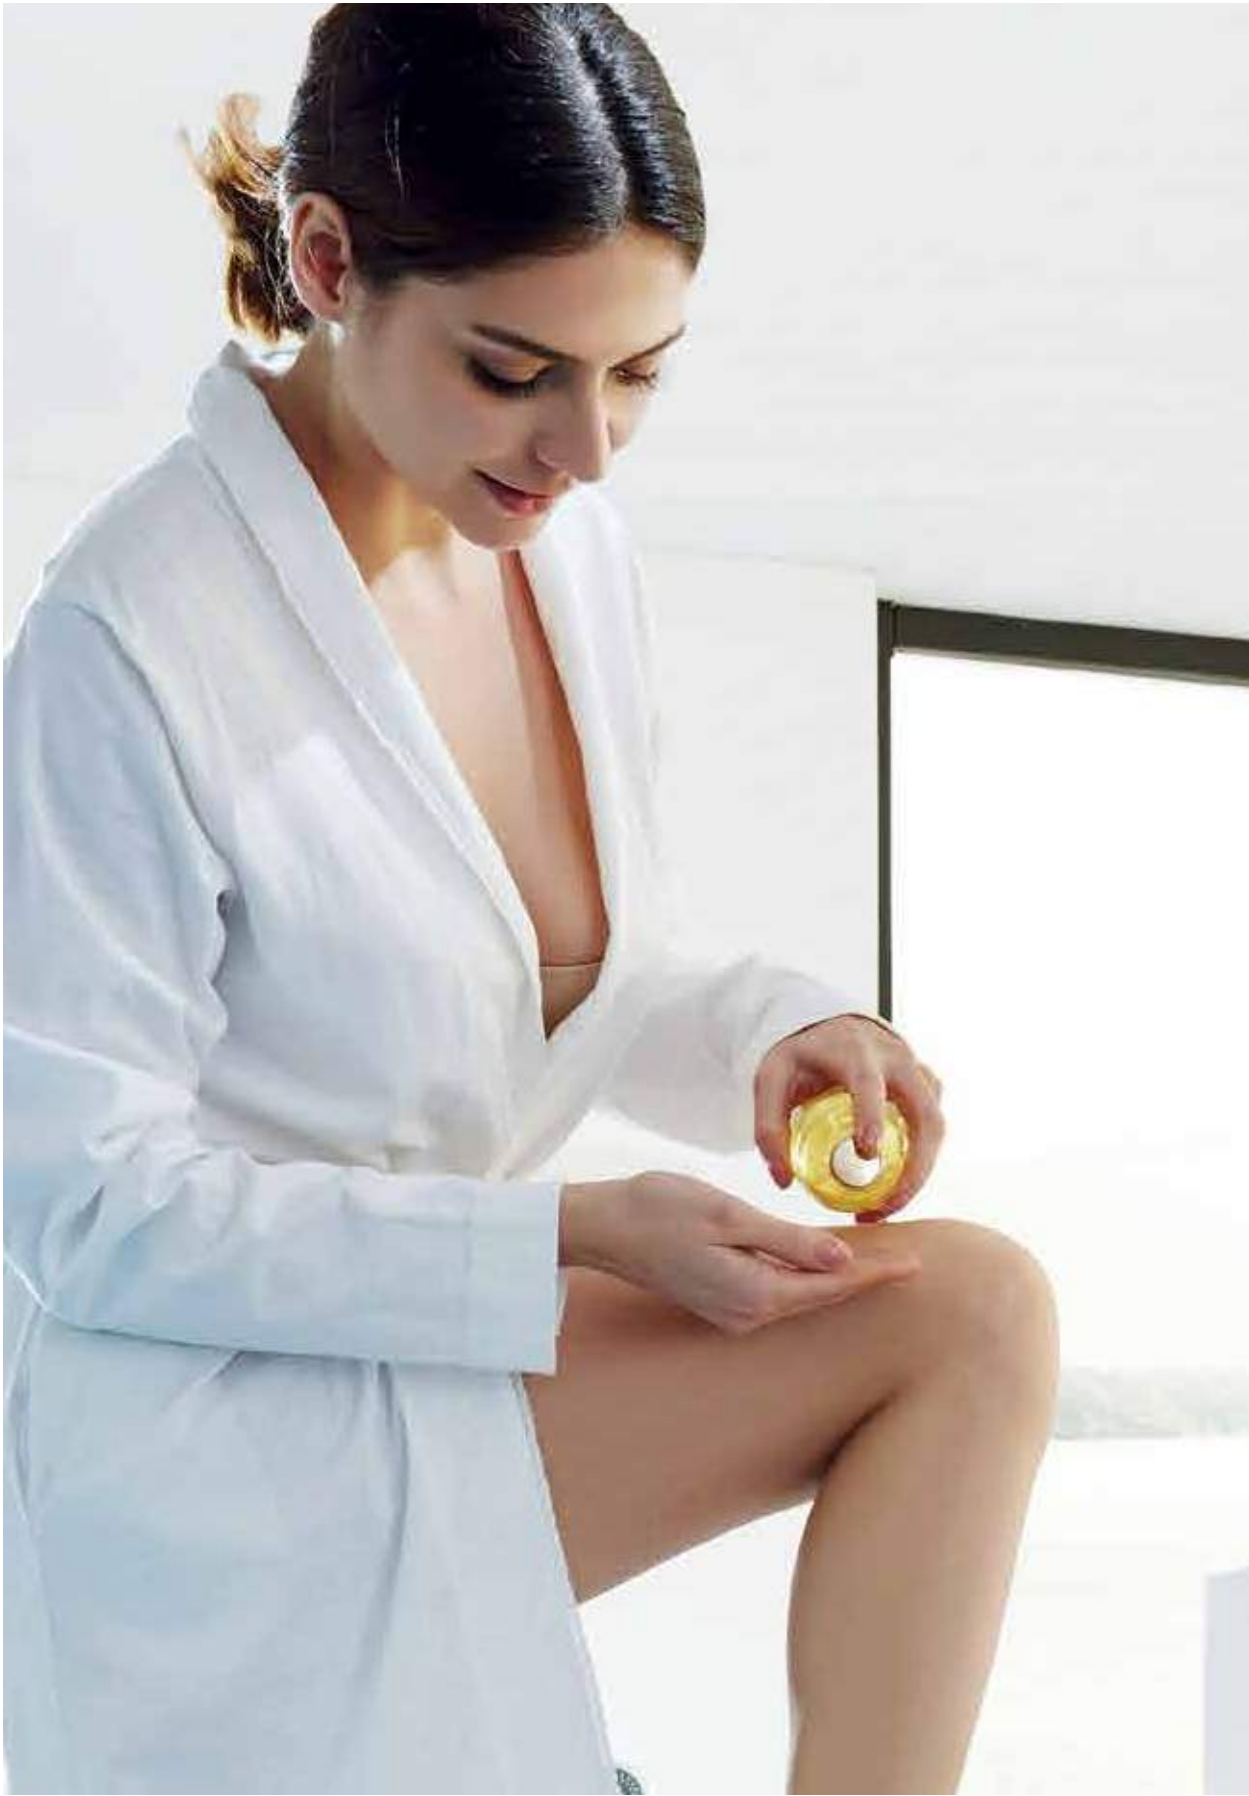

With a dual flush you retain control of the amount of water you use, so you can be environmentally friendly - as well as stylish. The luxurious soft close Puraplast seat will add that extra level of luxury.

## Str8 stylish sanitaryware

Str8's stunning 500mm blocky basin can be mounted on a full pedestal to create a statuesque centrepiece to the bathroom, placed on a half pedestal it gives an ethereal 'floating' look. Select a contrasting curved tap or a matching blocky tap from the range of Pura brassware and your Str8 bathroom will look stunning.

# Dekka Series

Compact with clean lines and unique styling, the Dekka sanitaryware range offers practical functionality and is a simple solution for the home. With a choice of traditional close coupled and back to wall WCs, matching bidet and a basin with a choice of full or half pedestals, Dekka can be teamed with your choice of brassware and storage options from the Pura range to complete a designer bathroom look.

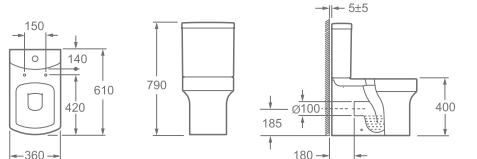

WCs and bidet

Dekka close coupled WC, the ideal choice for a traditional bathroom, comes with a closed back concealing unsightly pipework and making for a modern, streamlined look. But if you are looking for a more up to the minute option, choose a back to wall WC version.

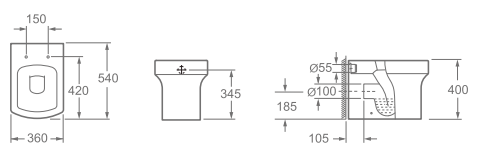

All come with an eco-saving 4 and 2½ litre economy flush capability. Finish off with a matching bidet and a luxurious Puracast slow close seat.

# Ice Series

Exceptional styling, versatile options and a combination of cool straight lines and stylish soft curves make the Ice Series of sanitaryware the perfect choice for busy modern bathrooms. Choose the WC or basin to suit the space or look you want to achieve so whether it is a full sized family bathroom, an ensuite or cloakroom, there is an Ice option to suit your scheme. Plus, all sanitaryware is manufactured to the highest standards in a durable ceramic that will last the test of time.

## ICE Series

Cool straight lines and stylish soft curves make Ice the perfect choice for busy modern bathrooms.

## Ice stylish sanitaryware

From WCs to a versatile collection of basins and bowls, the Ice Series will allow you furnish your family bathroom with style and panache.

With a choice of basin sizes (560mm, 500mm and 360mm) and pedestals (either full or half pedestal) or a semi-countertop version to install in a storage unit, there's a combination to suit your scheme whether full bathroom, ensuite or cloakroom.

## Ice wall hung and back to wall WC's

If you are trying to achieve that streamlined 'hotel-style' look or if space is at a premium, Ice's stunning back to wall and wall hung WCs will fit the bill. Complete the look with a 'soft close' seat either a standard one or if you want to push to boat out, choose a more luxurious Puraplast version.

This bathroom scheme shows a double ended bath, Ice 560mm basin with a half pedestal and wall hung WC with a Puraplast slow close seat and dual flush plate.

# Ivo Series

With distinctive yet classic lines that would suit traditional or contemporary bathroom designs, the popular Ivo Series of sanitaryware includes washbowls and basins, WCs and bidets. With modern living in mind, Ivo's space-saving features make it a versatile choice for compact spaces and full sized bathroom or shower-rooms alike.

Ivo close coupled WC with Puraplast seat, matching bidet and 620mm basin with full pedestal.

Ivo semi recessed basin shown with Xcite basin mixer tap.  
Refer to pages 174-181 for complementary Xcite and Ivo brassware.

Ivo range stylish  
sanitaryware

Styled to fit with a variety of bathroom schemes, whether a large family bathroom or compact en-suite, Ivo offers wash basins and bowls in a variety of sizes.

With bijou handrinse size basins and larger 500mm, 560mm and 620mm basins with a choice of full or half pedestal, Ivo offers flexibility to fit almost any bathroom scheme. Plus, for extra storage, you can specify the 550mm semi-countertop basin to fit into your chosen furniture.

Ivo close coupled WC  
with slow close seat

Ivo's traditional close coupled WC combines a softly curved pan and elegant base with a soft close seat that will add a touch of luxury to the bathroom. The neat, slightly curved cistern will blend tastefully with the rest of the Ivo range. Team with a matching bidet and the look is complete!

With a dual flush providing the option of using less water when required, Pura box-rim WCs also offer a more controlled, directional flow, so the water provides coverage around the entire pan giving an exceptional flushing performance.

## Ivo wall hung and back to wall WC's

Giving an uncluttered look to the bathroom, with no pipework on view and the cistern hidden behind the wall or else concealed in a piece of furniture, Ivo's wall hung and back to wall WCs are stylish and easy to clean. Don't forget to add a matching bidet to complete the look.

The dual flush option gives control as to how much water you want to use – so they are eco-friendly too!

Ivo basin mixer and bath filler taps. Refer to pages 178-181 to view the complete Ivo brassware range.

### Ivo space saver corner basins

Ivo's space saving basins can fit snugly into the tiniest spots. The Ivo Series offers two types of spacesaver basins – a very snug corner basin which takes up hardly any room and a cloakroom basin with the tap located on the corner rather than the centre, so it doesn't encroach too far into the bathroom. Perfect!

# Frames & Concealed cisterns

If you want to make the most of the space or hanker after that luxurious 'hotel chic' look in your bathroom, look no further than teaming a wall hung WC or bidet with one of Pura's frames or a back to wall WC with a concealed cistern. Frames can be cleverly concealed in the cavity wall or if they have to go in front of the wall you can conceal with a stunning piece of bathroom furniture to achieve a modern uncluttered look.

# Bath Series

Designed with the modern home in mind, the Pura range of single ended, double ended and space saving shower bath styles are available in a variety of lengths and widths. And with a complementary range of bath panels and screens to choose from, a Pura bath will transform your bathroom into an oasis of relaxation and well-being, so you can simply run your bath, step in and soak!

## Raising the standard

Manufactured in the UK to the highest standards, Pura baths have a 25 year guarantee, are more comfortable and retain heat for longer than the average bath. The added reinforced fibreglass, reinforced timber framed rims and fully encapsulated bath bases give additional strength, durability and rigidity.

CURVE BATH Series

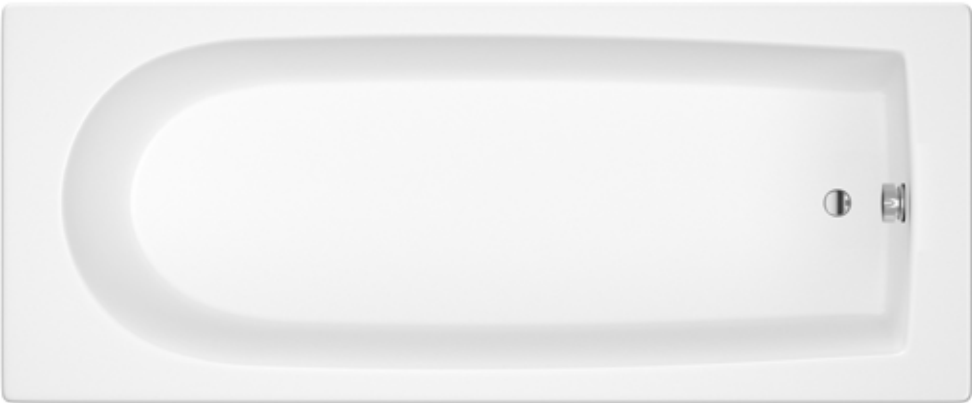

Curve creates bold and modern lines

Curve single ended baths are the perfect solution for a busy family bathroom. With round ends, they are available in five sizes and there is a bath to fit virtually any space large or small.

Great for bathing the kids or having a luxurious soak at the end of the day. Made with the finest materials to exacting standards, Curve baths are strong, durable and rigid – expect no wobbling when you step in.

Curve single ended bath

The ultimate in bathing luxury

Curve double ended baths are the ultimate in bathing luxury – plus there are no arguments about getting the 'tap end'! There are three sizes in this luxurious double ended bath range, so they will fit most bathrooms large or small.

Made with added fibreglass and with additional reinforcement they are stronger, more durable and more rigid than the average bath. Just run the bath, froth up the bubbles and...relax!

Curve double ended bath

## CURVE BATH Series

### Showering and bathing in one

If you can't quite fit a shower cubicle and a bath in your bathroom or you want to save space, why not combine the two? Pura round ended showerbaths come in two sizes and are either right or left sided, so you can place yours exactly where you want it.

### Beautiful, contemporary

Because they are made with added fibreglass and have extra reinforcement, Pura contemporary showerbaths are more comfortable and retain the heat longer than the average bath. Plus because of their extra rigidity, provided by the fully encapsulated bath base construction, you don't have to worry about the base of the bath flexing, enabling you to shower with confidence.

## Urban chic

With modern architectural lines, SQR single ended baths with square ends give an urban chic look to the bathroom. Available in three sizes your choice of bath will fit snugly into a busy family bathroom space.

Renowned for their strength, durability and rigidity, because of the superior construction and materials used, SQR baths are both comfortable and retain heat longer than the average bath.

SQR single ended bath

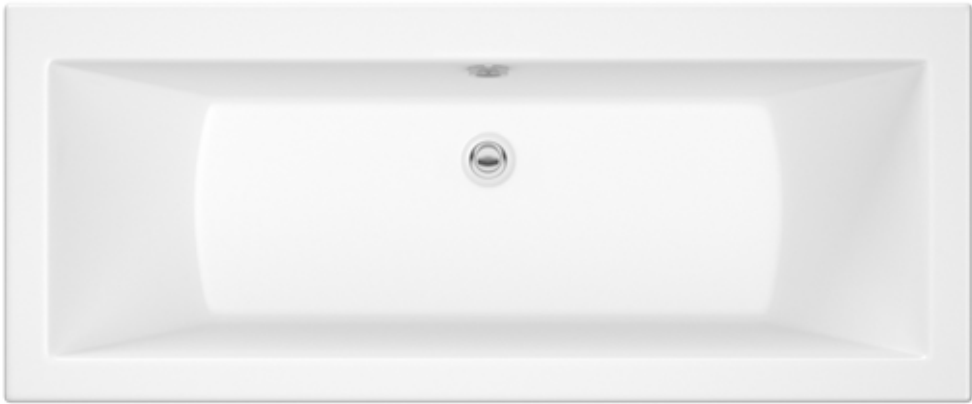

## Relax and unwind with SQR

The ultimate luxury – laying back in a bath full of bubbles for a long soak and the taps are within reach! SQR double ended bath is available in three sizes, so they will fit in most bathrooms large or small.

Because they are constructed with added fibreglass and additional reinforcement they are strong, durable and rigid, so there will be no unsettling flexing when you lean forward for that extra splash of hot water!

SQR double ended bath

## SQR BATH Series

### Straight lines and SQR ends

Looking for a space saving option in the bathroom? SQR showerbaths are the answer. You get a shower cubicle and a bath all in one! Available in two sizes you can choose either a left sided or right sided version.

### Comfortable and warm

Comfortable and with added fibreglass reinforcement, have superb heat retention qualities. Due to the fully encapsulated bath base and extra reinforcement, SQR showerbaths are also more durable and rigid than typical showerbaths, so you can be confident that your shower bath won't flex when you step in.

# Furniture Range

Modern lifestyles require modern solutions and Pura's beautifully constructed bathroom furniture range combines style with functionality, so your bathroom design fits with how you live. Manufactured to the highest standards that will last the test of time, our furniture ranges have been designed to be both aesthetically pleasing and to make the most of your space so you can clear the clutter away and relax.

# Platto furniture

Sleek, streamlined and minimalist. The Platto furniture range will look equally stunning in a contemporary or traditional bathroom setting. Available in 800mm or 600mm single drawer storage units with a choice of rustic oak and pure white gloss finishes and a matching furniture basin, Platto is designed to fit the bill.

# Mirror

## Cabinets & mirrors

The Pura range of mirrors offers stylish, innovative and simple solutions from practical mirror cabinets providing additional storage, to low energy LED lit mirrors. Featuring innovative infra-red on/off sensors, there's a high quality mirror to suit your family and budget. Pura mirrors are manufactured to the highest standards so they are durable and resistant to moisture damage.

# Echo mirror cabinets

A stylish choice for your bathroom Echo Mirror cabinets come in single and double door configurations and in a choice of popular finishes wenge, soft oak and white gloss, so they will blend beautifully with most bathroom designs. You can choose complementary low energy LED lighting for the finishing touch.

## CLOSE COUPLED WC PRODUCTS

A design classic and probably the most popular WC choice. The cistern sits against the wall and on the back of the toilet bowl. When you can see the waste pipe run from the bowl to the wall, this is an Open back WC. With the more streamlined Closed back version, the WC bowl sits flush with the wall ensuring the waste pipe is completely hidden, whilst the cistern sits neatly on top.

## BACK TO WALL WC PRODUCTS

Integrating beautifully with the bathroom design, the back to wall WC cistern is concealed either within the wall cavity or in a matching piece of bathroom furniture. The toilet bowl sits on the floor and backs up to the wall or matching furniture unit, so with no pipe work on view, it gives a streamlined, uncluttered hotel-style look.

**Refer to page 92 for suitable concealed cisterns.**

## WALL HUNG WC PRODUCTS

This aspirational, must-have WC style is fast becoming a best seller. Creating the feeling of space within the bathroom, the toilet bowl is lifted off the floor and hung on the wall, so no pipework is on view. The cistern is concealed in the wall cavity or within a co-ordinating piece of furniture – both are held in place by concealed frames.

Refer to page 92 for a suitable concealed cistern frame.

MAIN POINTS OF OUR TERMS AND CONDITIONS

Guarantee

This guarantees our products against faulty materials or manufacture for 10 years on all brassware and furniture and 25 years on all Sanitaryware and baths provided they have been installed, used and regularly maintained in accordance with our instructions. This guarantee applies to the original purchaser only and is non-transferable. Should you raise a claim, the issue will be investigated. As part of the investigation we request that the following conditions be satisfied:

- Proof of purchase at the time of claim.
- The product has been maintained and cared for in compliance with our instructions, (including regular and appropriate cleaning).  
If in our opinion the product has been modified, misused or accidentally damaged, we can accept no responsibility for failure.
- The opportunity to inspect the product in the installed condition.

Faulty items will be replaced with our nearest equivalent product.

All working parts such as ceramic discs, cartridges, seals and cistern fittings, which are subject to normal wear and tear, are covered for 3 years from proof of purchase date.

This guarantee does not affect your statutory rights.

This guarantee is only applicable in the U.K. and Republic of Ireland.

Call out Procedure

If a call out is requested to a faulty item a charge of £150 will be held against a credit card before any works are carried out. This charge will not be applied to the customer if the fault is ours.

If the fault is ours, we will repair or replace the missing part, however if the fault is not ours then the customer will be given the option to have the fault repaired by us at a charge of £50 per hour.

We require a signature from the customer to accept responsibility for the payment for the repairs carried out by us, and payment will be required immediately after the repair is carried out.

All products demonstrated in our brochure are for reference purposes only and actual product may differ from the images shown.
